No other evaluation criteria or methodologies shall be permitted. By applying the criteria and methodologies, National Cereals and Produce Board shall determine the Most Advantageous Tender. This is the Tender of the Tenderer that meets the qualification criteria and whose Tender has been determined to be:

- a Substantially responsive to the tendering document; and
- b The highest evaluated cost.

34.2 To evaluate a Tender, National Cereals and Produce Board shall consider the following:

- a Price adjustment due to discounts offered
- b Price adjustment due to quantifiable non material non-conformities and
- c The additional evaluation factors are specified in Section III, Evaluation and Qualification Criteria.

34.3 The estimated effect of the price adjustment provisions of the Conditions of Contract, applied over the period of the Lease Contract, shall not be considered in Tender evaluation.

These factors may be related to the characteristics, performance, and terms and conditions of Lease and Related Services. The effect of the factors selected, if any, shall be expressed in monetary terms to facilitate comparison of Tenders, unless otherwise specified **in the TDS** from amongst those set out in Section III, Evaluation and Qualification Criteria. The comparison shall be on the basis of total cost for all Lease Items, and related services, together with prices for any required installation, training, commissioning and other services.

36 Abnormally Low Tenders and Abnormally High

Tenders Abnormally Low Tenders

- 36.1 An Abnormally Low Tender is one where the Tender price, in combination with other elements of the Tender, appears so low that it raises material concerns as to the capability of the Tenderer in regards to the Tenderer's ability to perform the Contract for the offered Tender Price.
- 36.2 In the event of identification of a potentially Abnormally Low Tender, National Cereals and Produce Board shall seek written clarifications from the Tenderer, including detailed price analyses of its Tender price in relation to the subject matter of the contract, scope, proposed methodology, schedule, allocation of risks and responsibilities and any other requirements of the Tender document.
- 36.3 After evaluation of the price analyses, in the event that National Cereals and Produce Board determines that the Tenderer has failed to demonstrate its capability to perform the Contract for the offered Tender Price, National Cereals and Produce Board shall reject the Tender.

Abnormally High Tenders

- 36.4 An abnormally high tender price is one where the tender price, in combination with other constituent elements of the Tender, appears unreasonably too high to the extent that National Cereals and Produce Board is concerned that it (National Cereals and Produce Board) may not be getting value for money or it may be paying too high a price for the contract compared with market prices or that genuine competition between Tenderers is compromised.
- 36.5 In case of an abnormally high price, National Cereals and Produce Board shall make a survey of the market prices, check if the estimated cost of the contract is correct and review the Tender Documents to check if the specifications, scope of work and conditions of contract are contributory to the abnormally high tenders. National Cereals and Produce Board may also seek written clarification from the tenderer on the reason for the high tender price. National Cereals and Produce Board shall proceed as follows:
- i) If the tender price is abnormally high based on wrong estimated cost of the contract, National Cereals and Produce Board may accept or not accept the tender depending on National Cereals and Produce Board's budget considerations.
 - ii) If specifications, scope of work and/or conditions of contract are contributory to the abnormally high tender prices, National Cereals and Produce Board shall reject all tenders and may retender for the contract based on revised estimates, specifications, scope of work and conditions of contract, as the case may be.
- 36.6 If National Cereals and Produce Board determines that the Tender Price is abnormally too high because genuine competition between tenderers is compromised (*often due to collusion, corruption or other manipulations*), National Cereals and Produce Board shall reject all Tenders and shall institute or cause competent Government Agencies to institute an investigation on the cause of the compromise, before retendering.

37 Qualification of the Tenderer

- 37.1 National Cereals and Produce Board shall determine, to its satisfaction, whether the eligible Tenderer that is selected as having submitted the lowest evaluated cost and substantially responsive Tender, meets the qualifying criteria specified in Section III, Evaluation and Qualification Criteria.
- 37.2 The determination shall be based upon an examination of the documentary evidence of the Tenderer qualifications submitted by the Tenderer, pursuant to ITT 17. The determination shall not take into consideration the qualifications of other firms such as the Tenderer subsidiaries, parent entities, affiliates, subcontractors (other than specialized

subcontractors if permitted in the tendering document), or any other firm(s) different from the Tenderer.

- 37.3 An affirmative determination shall be a prerequisite for award of the Contract to the Tenderer. A negative determination shall result in disqualification of the Tender, in which event National Cereals and Produce Board shall proceed to the Tenderer who offers a substantially responsive Tender with the next lowest evaluated cost to make a similar determination of that Tenderer qualifications to perform satisfactorily.

38 Procuring Entity's Right to Accept Any Tender, and to Reject Any or All Tenders

- 38.1 National Cereals and Produce Board reserves the right to accept or reject any Tender, and to annul the Tendering process and reject all Tenders at any time prior to Contract Award, without there by incurring any liability to Tenderers. A few of the provisions noted below highlight Kenya's policy of no tolerance for such practices and behavior:

8 If a person contravenes subsection (1) with respect to a conflict of interest described in subsection (5) (a) and the contract is awarded to the person or his relative or to another person in whom one of them had a direct or indirect pecuniary interest, the contract shall be terminated and all costs incurred by the public entity shall be made good by the awarding officer. They involve fact-finding activities undertaken by the Investigating Authority or persons appointed by National Cereals and Produce Board to address specific matters related to investigations/audits, such as evaluating the veracity of an allegation of possible Fraud and Corruption, through the appropriate mechanisms. Such activity includes but is not limited to: accessing and examining a firm's or individual's financial records and information, and making copies thereof as relevant; accessing and examining any other documents, data and information (whether in hard copy or electronic format) deemed relevant for the investigation/audit, and making copies thereof as relevant; interviewing staff and other relevant individuals; performing physical inspections and site visits; and obtaining third party verification of information.

2. Technical Specifications

- 2.1 The purpose of the Technical Specifications (TS), is to define the technical characteristics of the Lease Items and Related Services required by National Cereals and Produce Board. National Cereals and Produce Board shall prepare the detailed TS consider that:
- i) The TS constitute the benchmarks against which National Cereals and Produce Board will verify the technical responsiveness of Tenders and subsequently evaluate the Tenders. Therefore, well-defined TS will facilitate preparation of responsive Tenders by tenderers, as well as examination, evaluation, and comparison of the Tenders by National Cereals and Produce Board.
 - ii) The TS shall require that all Lease Items and materials to be incorporated in the Lease Items be new, unused, and of the most recent or current models, and that they incorporate all recent improvements in design and materials, unless provided for otherwise in the contract.
 - iii) The TS shall make use of best practices. Samples of specifications from successful similar procurements in the same country or sector may provide a sound basis for drafting the TS.
 - iv) The PPRA encourages the use of metric units.
 - v) Standardizing technical specifications may be advantageous, depending on the complexity of the Lease Items and the repetitiveness of the type of procurement. Technical Specifications should be broad enough to avoid restrictions on workmanship, materials, and equipment commonly used in manufacturing similar kinds of Lease Items.
 - vi) Standards for equipment, materials, and workmanship specified in the Tendering document shall not be restrictive. Recognized international standards should be specified as much as possible. Reference to brand names, catalogue numbers, or other details that limit any materials or items to a specific manufacturer should be avoided as far as possible. Where unavoidable, such item description should always be followed by the words "or substantially equivalent." When other particular standards or codes of practice are referred to in the TS, whether from National Cereals and Produce Board's or from other eligible countries, a statement should follow other authoritative standards that ensure at least a substantially equal quality, then the standards mentioned in the TS will also be acceptable.
 - vii) Reference to brand names and catalogue numbers should be avoided as far as possible; where unavoidable the words "or at least equivalent" shall always follow such references.
 - viii) Technical Specifications shall be fully descriptive of the requirements in respect of, but not limited to, the following:
 - a) Standards of materials and workmanship required for the production and manufacturing of the Lease Items.
 - b) Any sustainable procurement technical requirements shall be clearly specified.
- 2.2 The requirements to be specified shall be specific enough to not demand evaluation based on rated criteria/merit point system. Tenderers may be invited to offer Lease Items that exceeds the specified minimum sustainable procurement requirements.
- 2.3 The TS shall specify all essential technical and performance characteristics and requirements, including guaranteed or acceptable maximum or minimum values, as appropriate. Whenever necessary, National Cereals and Produce Board shall include an additional ad-hoc Tendering form (to be an Attachment to the Letter of Tender), where the tenderer shall provide detailed information on such technical performance characteristics in respect to the corresponding acceptable or guaranteed values.

- 2.4 When National Cereals and Produce Board requests that the tenderer provides in its Tender a part or all of the Technical Specifications, technical schedules, or other technical information, National Cereals and Produce Board shall specify in detail the nature and extent of the required information and the manner in which it has to be presented by the tenderer in its Tender.
- 2.5 If a summary of the Technical Specifications (TS) has to be provided, National Cereals and Produce Board shall insert information in the table below. The tenderer shall prepare a similar table to justify compliance with the requirements.
